

TEDDY BEAR LAND

Red text is where the information you provide will be placed.

Abby Burke in Teddy Bear Land
**Happy 2nd Birthday Love From
Mammy and Daddy**

Abby Burke age 5, lived in **Swords**.

Abby liked playing with her best friend, Teddy Bear. **Niamh, Caitlin and Alex** knew how much **Abby** loved Teddy Bear.

One day, while walking in the park, **Abby** and Teddy Bear came upon a giant hollow tree.

Before **Abby** knew what was happening, Teddy Bear had lifted her into the opening of the tree. **Abby** felt herself twisting and turning down the hollow tree.

"What's going on? I'm scared!" yelled **Abby**.

"Don't worry. We are together," said Teddy Bear as he reached out and held her hand.

Abby was surprised. It was not dark and scary at all. Everything was light and sparkling, just like fireworks.

They tumbled through the cotton candy clouds and down a rainbow slide. They passed the ice cream sundae mountains and landed in the sugar plum field.

"It's beautiful here. Where are we?" asked **Abby**.

"This is Teddy Bear Land! Come on, follow me!" replied Teddy Bear. They skipped down a lemon drop path through the jelly bean park, where bunnies were playing hide-and-seek. After passing the strawberry soda fountain, they came to a beautiful gingerbread castle.

A handsome cowboy bear invited them inside. The courtyard was crowded with teddy bears who were all playing different games. Some were riding bicycles and others were roller skating. One bear was swinging so high in a tree that **Abby** thought he would fly right off the swing. Then **Abby** and Teddy Bear joined in a game of leap frog.

All afternoon they played games with the teddy bears. **Abby** swung from the trees on red licorice ropes, splashed in the pink lemonade waterfall and picked wild gum drops.

"I wish **Niamh, Caitlin and Alex** were here, too," **Abby** thought.

All the teddy bears enjoyed playing with **Abby**.

To be continued.....
